GENERAL DEPARTMENT.

Resolution no. P.—52.

Bombay Castle, 4th July 1923.

Read—The reports from the Commissioner in Sind and the Commissioners, N. D., C. D. and S. D., on the administration of Local Boards in their respective charges during the year 1921-22.

RESOLUTION.—*Number of Boards.*—The number of District and of Taluka Local Boards remained the same as in the preceding year, being 26 and 219, respectively. The constitution of the new Taluka Local Boards of South Salsette and Ambernath in the Bombay Suburban District and of the Bombay Suburban District Local Board took effect from the 1st December 1922 and 1st January 1923, respectively.

2. *Area and Population.*—There was an increase of 236·92 square miles in the total area in charge of the Boards due to the revision in the revenue records of the figures of area in the case of the Sukkur and Larkana Districts and to the alluvion of kacha lands in the Upper Sind Frontier District. The increase of 155,423 in the figures of population was due to the final revision of the totals by the Census Office, those adopted last year being only provisional.

3. *Constitution.*—The year marks a still further advance in the liberation of the Boards from internal official control. In Sind the elective franchise was in force in the whole province except in four Talukas in the Thar Parkar District and in the backward Talukas of the Upper Sind Frontier District. It has, however, been decided to grant the elective franchise to the District and Taluka Local Boards of the Upper Sind Frontier District when their present terms come to an end. During the year several Taluka Local Boards in the Nawabshah and Thar Parkar Districts were constituted on the basis of a two-thirds elective element. All Boards in the Northern, Southern, and Central Divisions have now a two-thirds elective majority.

Non-officials were freely appointed to act as Presidents and Vice-Presidents of the Local Boards. In Sind the Karachi, Hyderabad, Larkana and Nawabshah District Local Boards had non-official Presidents, and since the close of the year, a non-official President has also been selected for the Sukkur District Local Board. In the Northern Division all the six District Local Boards had non-official Presidents and of the 42 Taluka Local Boards twenty had non-official Presidents, Ahmedabad, however, having 7 Taluka Local Boards with *official* Presidents out of its 9 Taluka Local Boards. Panchmahals, Kaira and Broach Districts still had a number of official Presidents of ~~every~~ Taluka Local Boards, but the Thana Taluka Local Boards all had non-official Presidents. The Vice-Presidents of all the District Local Boards and, with very few exceptions, of the Taluka Boards were non-officials. In the Central Division all the District Local Boards were administered by non-official Presidents, except West Khandesh which has had a non-official President since the close of the year. In the Southern Division the Ratnagiri District Local Board only was under an official President. The number of Taluka Local Boards having non-official Presidents increased from 33 to 40. Three District Local Boards and 29 Taluka Local Boards had non-official Vice-Presidents.

4. *Elections.*—In the Southern Division triennial elections were held only in Ratnagiri. In most cases seats were contested and considerable interest

was evinced by the electorate. The number of elected members of District Local Boards fell from 62 to 61. The change was due to the Malwan Municipality having ceased to exercise its right of election under section 7 (*b*) of the Local Boards Act, 1884. In the Central Division there were no general elections. There were five bye-elections in Taluka Local Boards, none of which aroused any appreciable interest, to fill up vacancies due to casualties. In the Northern Division triennial elections were held in the Panchmahals and Surat Districts. In the Panchmahals the non-co-operators took a keen interest in the elections. They were generally unsuccessful except in Godhra and Kalol where three and four seats respectively were captured by them. In Surat considerable interest was evinced in the elections at Chorasi and Jalalpore. The non-co-operation movement at Bardoli was a prominent feature of the year. The campaign of non-co-operation and civil disobedience in that Taluka was subjecting loyal citizens to such pressure and intimidation that free and fair voting at the impending elections was considered impossible and in consequence the term of this Board was extended with the intention of awaiting a calmer atmosphere.

5. *Meetings.*—The total number of meetings held during the year rose from 1,434 to 1,495, of which 180 proved abortive for want of a quorum. No District Local Board and, with some exceptions in the Southern and Central Divisions, no Taluka Local Board failed to hold the prescribed minimum number of meetings. Business was, as in the preceding years, transacted by circular memoranda under the provisions of section 34 of the Local Boards Act, 1884, as well as in meetings, especially in Sind and to a certain extent in the Central and Southern Divisions. The average percentage of members attending each meeting in the Northern, Central and Southern Divisions and in Sind was respectively 63, 56, 57 and 47 against 59, 57, 54 and 49 in the preceding year.

6. *Income.*—The aggregate income of the Boards (excluding debt items) rose from 1,24 to 1,53 lakhs of rupees, a notable increase of Rs. 29 lakhs. The following table compares the receipts under the principal heads of revenue with those of the preceding year :—

Income.

(Rupees in thousands.)

Sub-head.	1921-22.	1920-21.	Increase.	Decrease.
Land Revenue	4,39	4,18	21	.....
Local Rates	35,61	23,80	11,81	.....
Interest	33	31	2	.. ...
Police	1,93	2,59	.....	66
Education	78,65	61,81	16,84	.....
Medical	1,85	1,61	24	.. ...
Scientific and other minor Departments .	1,06	1,08	... ..	2
Miscellaneous	1,23	1,01	22	.....
Civil Works	27,68	27,17	51	.....

7. *Land Revenue.*—In the Northern Division the increase (Rs. 13,445) was mainly due to the larger income from sand and stone in almost all the Districts except the Panchmahals and to an increase in Government grants to Ahmedabad and Surat on account of establishments transferred to these Boards. Sind was mainly responsible for the increase (Rs. 28,000) which occurred almost in the Karachi, Hyderabad, Sukkur and Larkana Districts where the fishery farms fetched more than in the preceding year owing to keen competition. The increase was also due to larger realizations from quarrying fees and to the recovery of past years' arrears. These increases were counterbalanced by a decrease of Rs. 7,000 and Rs. 12,000 in the Southern and Central Divisions, respectively.

8. *Local Rates.*—The very considerable increase of Rs. 11,81,000 under this head was shared by all the Divisions and Sind. A good season led to the recovery of the local fund cess which had been suspended in the previous year in addition to the full collection of the cess for the year under review.

9. The decrease of Rs. 66,000 under the head "Police" was due to smaller receipts under the Cattle Trespass Act, and in Sholapur to a large amount having been spent on the construction and repairs of cattle-pounds.

10. *Education.*—The large increase of Rs. 16,84,000 under this head was chiefly due to enhanced Government grants to meet the expenses consequent on the revision of pay of trained primary school teachers and also to larger contributions from Government for school buildings.

11. *Medical.*—Sind and Northern Division were mainly responsible for the increase under this head. The increase in Sind was due to the District Local Board of Thar Parkar having received during the year arrears of grants for the year 1920-21. In the Northern Division it was mainly due to the receipt of popular contributions for the Virsad and Thasra dispensaries in the Kaira District and to increased Government grants on account of these two dispensaries and the one at Tankaria in the Broach District.

12. *Civil Works.*—The increase of about 51,000 under this head was the net result of the increase of Rs. (1,60,416 + 40,000) = 2,00,416 in the Central Division and in Sind against the decrease of Rs. (62,000 + 87,472) = 1,49,472 in the Southern and Northern Divisions. The increase in the Central Division appears to be mainly due to large Government grants for buildings, roads and water-supply and in Poona to recovery of arrears of toll revenue. The main sources of increase in Sind were—

(1) increased realizations from ferries and sale proceeds of trees,

(2) the sale of the District Local Board Bungalow at Radhan, and

(3) Government contributions for the medical dispensary at Sinjhoro and for tools and plant charges on works carried out through the agency of the Public Works Department. The decrease of Rs. 87,472 in the Northern Division occurred under the sub-head " Tolls on ferries and roads ", contributions from Government and other contributions and was due to the abolition of tolls and to smaller Government and popular contributions.

13. *Expenditure.*—The total ordinary expenditure stood at Rs. 1,47 lakhs as against Rs. 1,30 lakhs in the previous year and Rs. 1,20 and Rs. 1,04 lakhs in the two years immediately preceding showing a continuous increase of expenditure during recent years. The statement given below shows the distribution of expenditure under the several heads as compared with that in the preceding year :—

Expenditure.

(Rupees in thousands.)

	1921-22.	1920-21.	Increase.	Decrease.
Administration	4,13	3,14	99	.....
Education	88,70	69,65	14,05	.....
Medical	9,79	8,73	1,06	.....
Scientific and other minor Departments.	1,94	1,81	13	.....
Stationery and Printing	16	19	.....	3
Miscellaneous	1,74	1,49	25	.....
Civil Works	43,45	43,35	10	.....
Debt	3,91	2,29	1,62	.....
Total ...	1,48,82	1,30,65	18,20	3

The most striking variations are commented upon below.

14. *Administration.*—The increase which was shared by all the Divisions and Sind was due to the revision of pay of Local Board establishments, entertainment of additional establishment for new non-official Presidents, etc., and the payment of travelling allowance to the Local Board members. In the previous year the system of payment of travelling allowance to members was in operation for a part of the year only.

15. *Education.*—The expenditure under this head is steadily increasing. The increase which was contributed to by all the Divisions of the Presidency and Sind was chiefly due to (1) the revision of salaries of trained teachers, (2) payment of allowances to untrained teachers of primary schools, (3) re-equipment of some of the schools with furniture, science apparatus, etc., and (4) increased expenditure on account of scholarships.

16. *Medical.*—All the Divisions of the Presidency except Sind contributed to the increase, the Central Division showing the greatest increase, namely, Rs. 70,861. It was chiefly due to the (1) payment of Local Board contribution to Government towards the revised pay of Sub-Assistant Surgeons, (2) gradual increase in the cost of maintaining dispensaries owing to the rise in prices of medical stores, and (3) establishment of new dispensaries at Changad and Hukeri in Belgaum in the Southern Division and at Thasra and Virsad in the Kaira District in the Northern Division. In the Southern Division a dispensary at Shiggaon in Dharwar was completed. The project for a dispensary at Gokarn will soon be started. The decrease in Sind calls for no special remarks.

17. *Civil Works.*— The expenditure under this head rose by Rs. 10,000 only as compared with the previous year's outlay of Rs. 43,35,465. The increase, which was shared by the Southern and Northern Divisions, was to a great extent counterbalanced by a decrease in the expenditure by the Central Division and Sind. The subjoined statement compares the charges under the various heads with those of the preceding year :—

Civil Works.

(Rupees in thousands.)

	1921-22.	1920-21.	Increase or Decrease + or −
Buildings ... ... Original	5,24	6,14	− 90
Buildings ... ... Repairs	2,55	2,34	+ 21
Communications ... Original	6,22	5,71	+ 51
Communications ... Repairs	16,46	16,11	+ 35
Water-supply and water works. Original	1,61	1,91	− 30
Water-supply and water works. Repairs	1,73	1,80	− 7
Other works of improvement	5	21	− 16
Establishment and contingencies	6,00	5,46	+ 54
Tools and plant	1,37	1,17	+ 20
Staging Bungalows, etc., establishments and charges ..	14	14	.....
Arboriculture	1,08	1,39	— 31
Miscellaneous	37	26	+ 11

18. *Communications.*—In the Northern Division the total expenditure on original works rose from Rs. 80,641 to Rs. 1,86,373 while that on repairs from Rs. 4,42,798 to 4,94,743. Kaira, Broach and Thana spent more than in the year preceding on the construction of new roads. The last two District Local Boards also spent Rs. 12,702 and Rs. 28,920 more on repairs of roads. In the Central Division all the Districts except Satara and Poona recorded decreases under "original works" which were due to fewer works being executed for want of labour. In the Southern Division the expenditure under this head

increased from Rs. 4,64,000 to 4,98,000. Under "original works" there was an increase in all Districts except Belgaum, where two famine works started in the previous year were stopped and Government grant was mostly utilized in carrying out only special repairs to the existing roads. In Sind the expenditure fell from Rs. 5 lakhs to Rs. 4·29 lakhs. This fall occurred in all Districts except Larkana and Thar Parkar, the chief reasons for it being the non-completion of works during the year, the late receipt of claims, the scarcity of contractors and the provincialization of certain roads.

19. *Water Supply.*—The expenditure under this head showed a net decrease of Rs. 37,000 on the preceding year's outlay of Rs. 3,70,475. All the Divisions and Sind contributed towards the decrease. In the Northern Division the Local Boards spent Rs. 2,543 more on repairs and Rs. 11,238 less on "original works". The increase under the former sub-head was mainly due to a large provision by the District Local Board, Broach, for water works to provide labour owing to the semi-famine conditions prevailing in the District. The decrease under the latter sub-head was chiefly due to Kaira having spent Rs. 12,646 less on works of water supply. In the Central Division the decrease was shared by all the Districts except Ahmednagar where on account of the scarcity of drinking water supply which was general an amount of Rs. 29,686 from Government grant was spent on water services, silt clearing, deepening wells, etc. In the Southern Division the decrease (Rs. 14,000) was shared by all Districts except Kolaba and Ratnagiri. On the whole as a result of a good season, water was abundant and repairs could not be undertaken. This accounts for the nett decrease.

20. *Closing Balances.*—The table appended to this Resolution shows with Divisional tables, the opening and closing balances of the District Local Boards. The aggregate of the closing balances of all the Boards of the Presidency amounted to Rs. 39¼ lakhs against Rs. 35 lakhs in the previous year. These closing balances are considerably in excess of the prescribed minima. A considerable portion of these inflated balances consists of educational funds, the spending of which was in most cases retarded by the inability of the Taluka Local Boards to utilise the full allotments made to them and to complete the budgetted works during the year owing to the dearth of labour and want of reliable contractors. The large closing balances are by no means an indication that the Boards generally find their income in excess of their expenditure. The true available balances are very small. The only Districts recording balances below the prescribed minima were Ahmednagar, Bijapur and Thar Parkar Districts. Owing to the failure of rabi rains in the Ahmednagar District there was a severe famine and consequently Local Board receipts on account of local fund cess were hardly realized during the year 1920-21. In order to enable the Ahmednagar Board to meet its unavoidable expenditure on account of establishment charges and other urgent requirements, it was allowed to overdraw its balance up to Rs. 1,58,000. The Bijapur Board had to overdraw its balance as about Rs. 37,000 had to be spent on test works in the famine of 1920-21 and also because the one anna cess was suspended owing to famine. The Thar Parkar District not only fully utilized the last year's educational balance but had a deficit of Rs. 13,000 owing to receipts from the one anna cess having declined on account of restricted cultivation. In the Northern Division the increase of about Rs. 56,000 over the closing balance of the preceding year shown by Broach has been attributed to larger realizations of local cess in the months of February and March than estimated for. In Surat the excess balance amounted to Rs. 1,85,841, the bulk of which belonged to the Educational, Medical and Veterinary sections as well as to the Taluka Local Boards. In the Central Division the excess was in part due to inability to spend the budgetted allotments and the late receipts of some grants. In the Southern Division the large educational balance shows that the financial arrangements of the Educational Department, so far as the Local Board Schools are concerned, require drastic revision. In Kolaba the Board could not utilize the sums of Rs. 50,000 earmarked for an Industrial school and Rs. 16,700 allotted for the improvements at coastal ports from the Landing and Wharfage Fund. The educational balance of the Karachi District amounted to over Rs. 56,000 which was due partly to the fact that the income from the one

anna cess greatly exceeded the estimated amount and partly to the receipt of the revised scale of pay for teachers towards the close of the year. The chief reasons assigned for the large unspent balances of the Hyderabad, Sukkur and Larkana Districts were the non-completion of some of the works by the close of the year, the abandonment of some of the works owing to their being considered unnecessary and the late receipt of the bills for works completed during the year.

21. *Works Committees.*—There is evidence in most of the district reports that Local Board members have as a class begun to take greater interest in the execution of works especially with the introduction of travelling allowances to members. In the Northern Division Works Committees consisting for the most part of non-officials were appointed in the Gujarat Districts. In addition, 24 Village Committees in the Kaira District and several such Committees in the Dohad Taluka of the Panch Mahals District were formed and the members took on the whole a fair interest in the works and in rendering assistance by procuring labour, carts, etc. Visit books were maintained on works particularly in the Kaira District and extracts of remarks by inspecting officers and members were submitted to the Boards concerned. The special engineering establishment entertained in Ahmednagar completed three new school buildings besides doing the work in connection with medical and veterinary dispensary buildings. The Ahmednagar Board has practically discontinued the practice of giving works by contract. In some of the Talukas of the Satara District the supervision was found to be slack and works executed were found to be indifferently done. In the Southern Division there was no material change in this respect. In Bijapur, Kolaba and Ratnagiri individual members performed some practical work. Village Committees in Kanara did nothing during the year. The same remark holds good of the Taluka and Village Works Committees in Ratnagiri. The Collector of Belgaum reports that the Works Committees never go through the tedious work of taking measurements, a neglect which gives opportunity for fraud. In Dharwar, owing to members signing bills without inspection of work, a fraud was committed by subordinates. In Sind the members of the Works Committees in the Districts of Sukkur and Nawabshah are reported to have taken an interest in the inspection and supervision of works. In the other Districts the interest taken by the members was small.

22. *General Remarks.*—It is gratifying to note that all the Boards have worked satisfactorily except the Thana Board which displayed lack of co-operation in dealing with certain matters. The non-official Presidents and Vice-Presidents have shown greater interest in their work though some had multifarious activities in other spheres. There are unmistakable signs that the people are taking more interest in Local Board affairs but there are still members who appear to think that their duties end when they have secured their seats and fail to realise their responsibilities. Some Presidents have complained of the apathy of members and have given instances in which frauds would not have occurred but for members' neglect of their duties. Improvement in this direction should be effected by energetic action by the Presidents on tour.

Some supervision over the increasing expenditure on travelling allowances for members of the Boards is necessary, and separate orders in this matter are being issued.

The Local Boards are now commencing a new era. The Local Boards Act, 1884, has been completely revised and the new Act, which confers on Local Boards wide powers of taxation and generally increases their resources, will enable them to fulfil their functions more fully provided the powers conferred on them are judiciously used. Also the Primary Education Act, 1923, enables them to embark on the expansion of elementary education on a systematic and extensive scale. Panchayats will, to some extent, relieve the Local Boards by sharing some of their administrative and financial responsibilities, but in the opinion of Government there will be little relief to the Local Boards and little advancement of Local Self-Government until Panchayats impose and accept taxation willingly.

23. Copies of the Resolution should be submitted to the Secretary of State and the Government of India and should be forwarded to all Commissioners and Collectors and to the other officers and the Departments concerned.

By order of the Government of Bombay
(Transferred Departments)

S. N. ZIMAN,
Acting Secretary to Government.

G. R. no. P.—52, G. D., dated the 4th July 1923.

No. of 1923.

* The difference of 3·4 is due to the allowance of Kacha lands.
† From 25th October 1921. Prior to that date nominated official was Chairman.
‡ Last year's figures were erroneous.
‖ The figures of population shown in columns 5 for Mehar, Warah and Kakar are those reported finally. Last year's figures were provisional, hence the difference.

* These figures are likely to vary in the March 1922 final accounts.

† This includes Rs. 1,000 transferred from District Local Board Balance to Erandol for Road, viz., Dharangaon Musoi Rs. 3,253.

‡ The closing Balance for 31st March 1921 was shown as Rs. 63,420 and it is now shown as Rs. 59,622 (Col. 4) opening balance. The difference is due to subsequent adjustment as per final accounts for March 1922.

§ The difference between the closing Balance of all talukas of the last year and the opening balances of the year under report is due to the fact that the Accountant-General had adjusted the water supply grants and the amounts of cess, and the Executive Engineer West Khandesh had adjusted in his March Final regulation review charges as per A. G.'s Nos. T. A. VI—512 of 28th July 1922 and B. K. 12-1-359 of 23rd May 1921, respectively.

Statement showing the Income and Expenditure of the Taluka Local Boards in the Bombay Presidency during the year ending 31st March 1922.

[Sanctioned by G. O., G. D., No. 846, dated 30-1-13.]
